'I can't go another day without thanking you for my fabulous new living room. When my husband and I decided to add a big extension to our lovely cottage I was overwhelmed with the thought of finding the right furniture and furnishings to make it the relaxed but beautiful room I had always dreamed of having. I am so glad I found Chelsea Harbour Design Centre and your personal shopping service. You listened to me and understood exactly what it was I was wanting to achieve for my rooms. Our new living room looks amazing with the sofas, curtains, rugs, mirrors and lamps you helped me with. I really enjoyed my time with you and can't thank you enough for your professionalism, guidance, friendliness and for making the whole experience one to remember.' Sandra Harriy

'Caroline made the decision process, understanding the budget and the current trends easy. Personal Shopping in the Design Centre Chelsea Harbour should not be missed.' Trevor Pickett

DESIGN CENTRE, CHELSEA HARBOUR PERSONAL SHOPPING

'Caroline has been an absolute godsend. Tired of gazing hopelessly at interiors magazines, I sought her guidance and haven't looked back. Caroline listened attentively to my plight and applied her superior design flair and intuition to introduce me to brilliant brands I had never heard of before and thereafter she deftly guided me (with absolute sensitivity) to my conclusions. The result is everything I had dreamed of and I can't thank her enough! In fact, I hope never to design another room without her!' Thea Darricotte, Freelance Journalist

'I have to say a warm 'Thank you' to Caroline Hughes at Personal Shopping Service as she gave me lots of help with finding the right pieces into our new home. She is the most professional, kindest and coolest lady I got to know in London and she took a big part in creating our beautiful house. Her services are highly recommended.' Boglarka
