

# RWD

## Job Description

<b>POSITION:</b>	<b>SENIOR INTERIOR DESIGNER</b>
<b>REPORTING TO:</b>	<b>CREATIVE COLLECTIVE</b>
<b>RESPONSIBLE DAY-TO-DAY:</b>	<b>TEAM PRINCIPAL</b>

### ROLE

Working with the RWD Creative Collective, the Senior Interior Designer works closely with the Team Principal taking a senior role/lead on the projects' creative 2D & 3D design, CAD including 3D visuals, and liaising with other departments on multiple projects within team. Responsible for the ideation and visualisation of the design vision and realising the design detail of each our projects. You will manage both internal and external resources to ensure that every project is completed to the highest standards of yacht design with originality and innovation in order to establish RWD as industry leaders. Every project must be a successful collaboration with both the client and shipyard.

### KEY RESPONSIBILITIES AND TASKS

- Work with the Team Principal and Project manager to ensure a full understanding of the design brief and design direction and creatively lead each project to successful completion.
- Develop design concept.
- Take responsibility for project coordination, manage others and direct work/ideas including junior designers, FF&E, Graphics department and external visualisers.
- Work closely with the Team Principal and Project manager to ensure design work is produced in a timely manner to ensure project schedules are met and ensure all stakeholders are kept up to date of progress, especially the Creative Lead and Team Principal
- To represent RWD at project meetings, including overseas visits, and hold client meeting with or without a Director present.
- To communicate and translate the interior or exterior living spaces design information to the Client, Shipyard and suppliers
- To have excellent communication skills and to eloquently convey ideas with sketches and drawings etc.
- To have a broad range of design skills from sketching initial concepts to fine detail.
- To have an expansive knowledge of materials and finishes.
- To stay aware of current competition and abreast of industry trends and developments.
- Assist with layout of General Arrangement Plans
- Produce sketches and 2D views to illustrate designs
- Supply and direct information for visualisations
