

# Jaspur & Jaisalmer

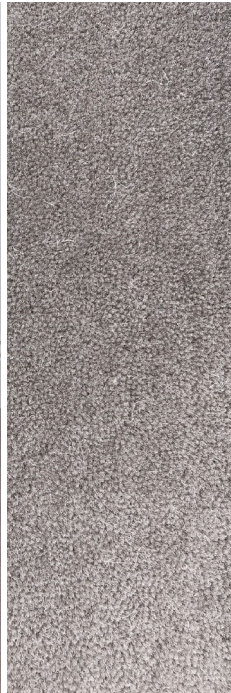

---

1st February 2020

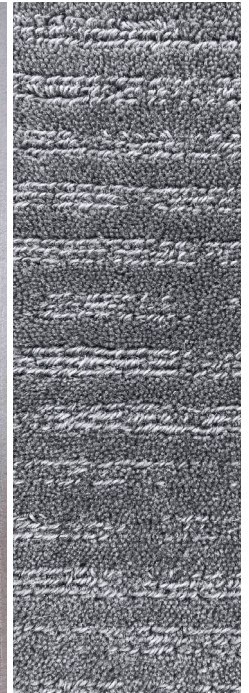

Jacaranda's new Jaspur and Jaisalmer pure wool designs are hand-woven on traditional wooden looms, this artisan practice allows for the creation of wonderful textures. Jaisalmer is an unusual but subtle linear stripe only achievable by hand, and Jaspur is a rich smooth velvet.

Jaspur RRP £99.00/m<sup>2</sup>

Jaisalmer RRP £88.00/m<sup>2</sup>

## Pure wool designs

Hand-weaving broadloom is a time-consuming art that requires real skill at each stage. Each roll of handmade carpet passes through at least 130 skilled hands, across 208 hours over 26 days to achieve a beautiful finish.

## Natural wool fibres

Sheep grow new fleeces every year making wool renewable and recyclable, soft and warm but hard-wearing and naturally fire-retardant. With a high luxury and comfort level, deep dense wool pile adds texture whilst insulating your home. Wool fibres are also naturally coated in lanolin providing stain resistance.

## Warm & durable

Jaspur and Jaisalmer carpets bring warmth, texture, durability and bags of character, alongside a colour palette that spans across nine natural tones. Both are suitable for stairs and are heavy contract rated. Stocked in 4m and 5m broadloom, rugs can be made-to-measure.
