# Bathe, Eat, Sleep

at Design Centre, Chelsea Harbour

Bespoke sanctuaries like bathrooms and bedrooms are made perfect when great design and decorative detail transform the space to one of luxurious calm intimacy. Kitchens – so often the heart of the home, busy with people and purpose – is where fabulous design, the very best brands and products can powerfully elevate the space to something more important and desirable than just somewhere to cook!

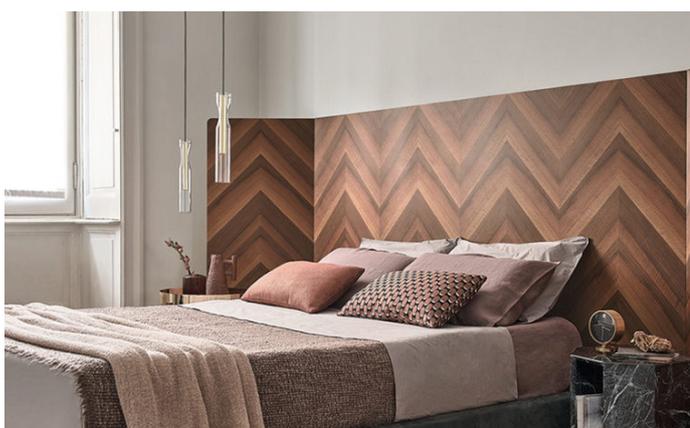

In all of these spaces, it's in the details, the differences. It's in the sensation of the finest finishes. The feel of extraordinary materials, the luxury of great craftsmanship. It's in dynamic new technology; considered lighting. It's in the thoughtfulness of making sustainable choices, as well as the impact of outstanding and unique design.

In October 2022, Design Centre, Chelsea Harbour – the world's number one design and decoration destination – will bring together some of the very best movers, shakers and makers from the world of bathrooms, kitchens and bedrooms, in a major new show – Bathe, Eat, Sleep.

The show is being launched in response to demand both from design professionals and private individuals who want to see the latest in luxury, creativity and innovation in these spaces. It will be visited by these professionals and design enthusiasts, as well as architects and specifiers who are sourcing for prestigious residential and hospitality projects.

We invite you to be a part of Bathe, Eat, Sleep and to become part of our thriving design and decoration community, and importantly build future business opportunities.

*“There is a cornucopia of different ideas; it’s the hub of design in London”*

Kit Kemp,  
creative director, Firmdale Hotels
